

## Retreat – List of Area Restaurants

At the retreat, Wednesday, June 8, is a day without any organized meetings, a free day for you to do what you wish. Our private chef, Chef Paulette, can make fruit smoothies in the morning upon request, and you're welcome to fend for yourselves with whatever snacks and leftovers are in the fridge, but you might wish to venture out into Bar Harbor or one of the neighboring towns on Mount Desert Isle for a meal. Because June in Bar Harbor is exceedingly busy, you'll want to make dinner reservations well in advance of June 8 or you risk not being able to get a table. Here are the restaurants recommended by Chef Paulette. Note that some of these restaurants are marked as *seasonal*, which means they might not open until sometime in May.

### **Bar Harbor – Dinner**
